

# Premium Software and Special Offers Enhance the Power of Intel® Desktop Boards Supporting Intel® Viiv™ Technology

## Available only on PCs built with Intel® Desktop Board Media and Extreme Series

Intel® Viiv™ technology<sup>1</sup> is a new consumer entertainment platform from Intel designed to maximize the enjoyment of digital media in the home. In purchasing an Intel® Desktop Board supporting Intel® Viiv technology, you will control your digital entertainment experience, while enjoying the benefits of the premium suite of value-added software included.

### Premium Software

**Intel® Audio Studio Pro** Enhance your audio content and take advantage of Intel® High Definition Audio combined with Sonic Focus\* Audio Refinement and Dolby\* Home Theater. Music, media, and games are transformed, immersing you in surround sound tailored to both the audio source and your listening environment.

**Intel® Desktop Utilities** Keep your Intel Viiv platform in shape! This robust collection of system monitoring and maintenance applications quickly monitors temperatures, voltages, fan speeds and hard drive health. You can also view detailed system information, back up valuable data, and test your system hardware for common errors.

**InterVideo® WinDVD® 5** Enjoy your favorite movie with this award winning universal DVD player. The application includes a qualified decoder which provides DVD playback using Microsoft® Media Center Edition. Dolby® 5.1 channel technology (which supports Dolby® Master Studio certification) is also included.

**InterVideo® MediaOne® Gallery Gold** Manage your digital media in a snap with all-in-one multimedia management software. This comprehensive suite helps users create, edit and share digital multimedia content more easily.

### VideoStudio® 9

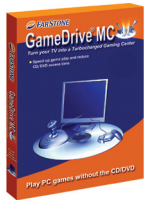

**Ulead® VideoStudio® 9 SE DVD** Be your own movie director/producer with Ulead's powerful, easy-to-use video editing and DVD creation solution. Create professional-looking movies using powerful, advanced features and hundreds of special effects.

D33709-001

**Musicmatch\* Jukebox** You can rip, burn, play and organize CDs, MP3s—and much more. Listen to internet radio, shop for CDs and enjoy your music collection all from the same application. This is the ultimate solution for audio aficionados.

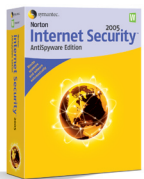

**FarStone\* GameDrive\* MC\*** Start playing your games instantly! GameDrive works with your Intel® Viiv™ PC and Windows\* MCE\* to eliminate the need to swap CD and DVD media.

Use your remote to navigate through your list of stored CD's and DVD's, then feel the power of FarStone's RapidCache\* technology as you experience improved game performance and zero disc spin-up time. Use the Live Update feature to access pattern files for the latest PC games.

**FarStone\* RestoreIT!\* Gold** Help to protect your PC from the effects of operating system failure, uninvited program installations, and even common user mistakes. RestoreIT! allows you to quickly recover your files, system configuration and even your operating system to any point in time prior to a data loss or system failure.

**Norton\* Internet Security** Get the protection you need from viruses, hackers, and privacy threats. Powerful yet easy to use, this application also includes advanced spam-fighting software to filter unwanted mail from your inbox. The suite includes Norton AntiVirus\*, Norton Privacy Control, Norton Parental Control, Norton Personal Firewall, and Norton AntiSpam\*.

<sup>1</sup> Home networking capability and many Intel® Viiv™ technology-based usage models will require additional hardware devices, software or services. Functionality of Intel® Viiv™ technology verified devices will vary; check product details for desired features. System and component performance and functionality will vary depending on your specific hardware and software configurations. See [www.intel.com](http://www.intel.com) for more information.
